

## **MOODMASTER 18**

IP65 high power battery wash projector 18x15W

The **MoodMaster 18** by Centolight is a high-performance outdoor projector designed for architectural and live events that demand medium-wide, diffused lighting. It's ideal for illuminating backdrops, architectural structures, and stages. With a  $10^\circ$  beam angle, it delivers precise light diffusion, and when paired with a wider frost diffuser ( $40^\circ$ ) or an asymmetrical lens ( $10^\circ$  x  $60^\circ$ ), it offers enhanced versatility for broader lighting needs. The product also comes equipped with a barndoor for additional light-shaping control.

The fixture features 18 x 15W RGBW 4-in-1 LEDs , arranged for optimal light distribution, ensuring powerful and consistent illumination. It supports multiple control configurations, including 3, 4, 6, 8, and 11-channel DMX modes, offering flexibility for both simple and complex lighting setups. An infrared remote control with a range of up to 15 meters allows easy access to settings, while the integrated Wireless DMX CRMX enables hassle-free installations without cables. The dimming technology ensures extremely smooth transitions from 0 to 100% brightness, while its 1.5kHz refresh rate guarantees flicker-free performance, essential for TV, film, and

guarantees flicker-free performance, essential for TV, film, and live broadcasts. Combined with precise color control, the MoodMaster excels in settings where visual clarity and high-quality color rendering are crucial.

For silent operation, the natural convection cooling system eliminates the need for fans, making it perfect for noise-sensitive environments such as theaters, museums, and concerts. The die-cast aluminum structure, along with stainless steel screws and thermal cut glass, ensures durability and IP65 waterproof protection, allowing the projector to withstand tough outdoor conditions. Powered by a professional lithium battery, the MoodMaster offers exceptional flexibility for both fixed and mobile lighting solutions.

The battery provides up to **8 hours of continuous use** with just a 3-hours charging time. This portability, combined with its robust design and advanced lighting capabilities, makes the MoodMaster an excellent choice for lighting professionals seeking reliability, power, and versatility.

## PRODUCT DETAILS

## Key features

18 x 15W R/G/B/W 4in1 LEDs
Lithium battery operated, up to 8 hours
3, 4, 6, 8 or 11-channel DMX modes
37 built-in preset programs
Smooth dimming system, flicker-free for TV and camera shooting
IR control infrared remote control up to 45 ft./ 15M
Wireless DMX control CRMX - W-DMX
Variable electronic strobe, dimming and color changing effect
Stand-alone, Master/Slave and DMX modes
IP65 water protection
Compact and bright full die cast body
Passive convection cooling

## Specifications

Input Voltage	AC100-260V, 50-60Hz
Power Consumption	145W
Battery	29.6V, 12500mAh
Recharge Time	3 hours
Internal Charger	36V, 5.5A
Wireless DMX	CRMX - W-DMX
IR Control	Infrared remote control up to 15m/45ft.
LEDs:18x15W RGBW 4in1 LEDs	
LED Life Span	50.000 - 100.000 hours
DMX Channels	3CH / 4CH / 6CH / 8CH / 11CH
Control Mode	DMX, Stand Alone, Master/Slave, Auto, IR Control
DMX Connectors	Waterproof 3/5-pin XLR Input/Output
Power Connectors	Waterproof Truecon Input/Output
Refresh Rate	1.5KHz (Flicker Free)
Beam Angle	$10^{\circ}$ opzional $40^{\circ}$ and $60^{\circ}$ x $10^{\circ}$
Cooling System	Natural convection (No fan, Noiseless)
IP Grade	IP65
Insulation Rating	>1.5KV
Insulation Resistance	>2MΩ
Fixture Dimensions (WxDxH)	410 x 184 x 269 mm(16.14 x 7.24 x 10.60 in.)
Packing Dimensions (WxDxH)	440 x 310 x 330 mm(17.32 x 12.20 x 12.99 in.)
Net Weight	10.5 kg - 23.15 lbs.
Gross Weight	13 kg - 28.66 lbs.
